Reach Volunteering is the leading skills-based volunteering charity in the UK.

Our goal is to create a step change in the quality, range and scale of skills-based volunteering and trusteeship in the UK.

We are the single biggest source of trustees for the voluntary sector in the UK.
Reach is an online community. Volunteers find opportunities to use their skills as trustees or in other roles. Charities access the skills they need to thrive.

Our TrusteeWorks team offers bespoke services including: executive search for trustee boards, targeted support to grantees on behalf of funders and employee supported volunteering for companies.

Charities can boost their capacity, increase their effectiveness and find new ways of doing things when volunteers donate their professional skills.

It didn’t take long for the perfect opportunity to show up through Reach. There is enjoyment and learning for me and making a contribution is rewarding.

Trustees play a crucial role in leading charities and overseeing their work. When the trustee board of a charity has a good mix of skills and experience, it can govern more effectively.

The trustee we found through Reach has helped our education offer become a transformative programme that supports people into suitable work.
